MEMORANDUM FOR SECRETARIES OF THE MILITARY DEPARTMENTS
CHAIRMAN OF THE JOINT CHIEFS OF STAFF
DIRECTOR OF DEFENSE RESEARCH AND ENGINEERING
ASSISTANT SECRETARIES OF DEFENSE
ASSISTANTS TO THE SECRETARY OF DEFENSE
DIRECTORS OF THE DEFENSE AGENCIES

SUBJECT: Quarterly Update of the FYDP Codes and Definitions Handbook
(7045.7-H), Fourth Quarter

The enclosed changes represent all approved unclassified changes to the Five Year Defense Program structure addressed by OSD either in PBDs or PCDs through January 12, 1971.

Copies of the enclosure may be reproduced to meet the internal requirements of your organization. Changes through January 12, 1971, were included in this update to provide a consistent base for the structure changes being reflected in the January 15, 1971 FYDP update.

This memorandum will also serve to lift the restriction of my September 11, 1970 memorandum in which we recommended that changes to the FYDP structure be held to the absolute minimum that could not be avoided or delayed until the end of January 1971. Pending a re-evaluation of the action to be taken to remold the structure, it is felt that "business as usual" should continue in order to keep pace with the many changes taking place through necessity. Your cooperation during this restricted period was much appreciated. We are hopeful that a new and better proposal for the FYDP structure will be forthcoming in the very near future.
